SUMMARY

Engineering leader and independent consultant with 9+ years in product companies. I work on architecture, teams, hiring and delivery, and at my largest, 56 people reported up to me. Recently: Coinbase's app infrastructure, D-ID's app built from zero, and Curvinha, my own product.

EXPERIENCE

Fractional CTO & Engineering Consultant
2025 to Present

Independent

- Architecture reviews and large migrations for product companies. Client details under NDA.
- Interim engineering lead while clients hire: rituals, code review standards and the hiring loop.
- AI work: reinforcement learning (RL) training environments and evaluations for AI models.

Senior Software Engineer
Mar 2024 to Dec 2025

Coinbase · G2i

- Helped with the app's large migrations on Consumer App Infra: React Native's new architecture, React Compiler, Expo Prebuild and the design system.
- Supported app releases and raised test coverage on team-owned files from 25% to 45%.

Lead Mobile Engineer
Sep 2023 to Feb 2025

D-ID · A.Team

- Built the company's new core product, its mobile app, from zero with React Native and Expo.
- 4.6 stars from 3.4K App Store ratings. Golden Kitty 2023 on Product Hunt, Best UX 2023 at A.Team.

Senior Software Engineer
Oct 2022 to Dec 2023

Kustomer · Meta

- Built the open-source design system and SDKs for developers integrating with Kustomer's APIs.

Senior Software Engineer
Apr 2022 to Sep 2023

Groundswell · X-Team

- Raised test coverage from 30% to 80%+ with MSW and made the Discover page 200% faster.
- Founded the Mobile Engineering Biweekly forum.

Software Engineer III
Sep 2020 to Apr 2022

Zé Delivery · AB InBev

- Rebuilt the Browse module and shipped deep-link handling that lifted campaign conversion.
- Co-wrote Mozeic, the in-house design system (177k+ npm downloads), and interviewed engineering candidates.

Mobile Engineer
Oct 2019 to Sep 2020

Alfred Delivery

- As the only engineer, led the migration from Ionic to React Native for an app serving 90+ franchises.

Software Engineer
Apr 2017 to Oct 2019

Micro Import Group

- Built a real-time repair-status tracker and internal dashboards for an Apple Service Provider.
